SERVICE VOUCHER

1 Month Complimentary Inspection

At the end of the first month of enjoying your new vehicle, your Holden Dealer is pleased to offer you a Complimentary Vehicle Inspection.

This is an important part of your vehicle's maintenance schedule, where an expert Holden technician will ensure that your vehicle's systems are performing as intended.

Plus, it's a great opportunity to ask any questions you may have about your new Holden.

It's all part of the Holden Professional Care program and ensures the long term reliability and safety of your vehicle.

NEW VEHICLE VOLUNTARY WARRANTY CERTIFICATE

New Vehicle Voluntary Warranty application

This Voluntary Warranty is given by GM Holden Ltd., ABN 84 006 893 232, ('Holden') 191 Salmon St, Port Melbourne Victoria 3207. Holden Customer Care, New Zealand: 0800 465 336. The Voluntary Warranty applies to the vehicle identified on the inside front cover of this service booklet. It is provided to the original and subsequent owners/operators driving the vehicle within New Zealand during the Voluntary Warranty Period.

The benefits conferred by this Voluntary Warranty are in addition to other rights and remedies available to you under consumer protection laws (including those under the *Consumer Guarantees Act 1993*), which cannot be excluded or limited (referred to as Statutory Rights). This Voluntary Warranty in no way limits or restricts your rights or remedies under such Statutory Rights.

New Zealand vehicles

This Voluntary Warranty is only applicable to vehicles purchased and operated in New Zealand.

However, this Voluntary Warranty will not apply for Holden vehicles exported and operated outside of New Zealand or for Holden vehicles purchased outside of New Zealand and imported into New Zealand.

Voluntary Warranty repairs covered

Subject to your non-excludable Statutory Rights and the exclusions shown on the following pages, this Voluntary Warranty covers the correction, of any manufacturing defect to materials or Holden workmanship and advised to a Holden Dealer or Authorised Service Outlet, by repair or at Holden's option by replacement.

Voluntary Warranty period

The coverage under this Voluntary Warranty commences from the date of first registration (or in the case of a demonstrator vehicle the date when the vehicle was first placed into service by the Dealer). This coverage expires at the end of the period of 3 years after the commencement date or after the vehicle has travelled 100,000 kilometres, whichever occurs first.

No charge

Warranty work performed under this Voluntary Warranty (including parts and labour) will be carried out at no cost to the vehicle owner. However, this work should not be confused with servicing specified in the Maintenance schedule in this service booklet for which a charge is payable.

NEW VEHICLE VOLUNTARY WARRANTY CERTIFICATE

VOLUNTARY WARRANTY EXCLUSIONS

Damage

Your Voluntary Warranty does not extend to the following: Damage caused by an accident, fire, theft or moving objects striking the vehicle (including inside the vehicle); damage as a result of towing; damage caused by industrial fallout, chemicals or sealants; damage caused by atmospheric fallout or flood, hail, salt, etc.

Maintenance items

Your Voluntary Warranty does not extend to services such as brake adjustment, brake replacement, replacement of filters, wiper rubbers etc., which are required as part of normal vehicle maintenance. Refer to *Maintenance Schedule* further in this booklet.

Batteries and bulbs

Batteries and bulbs are warranted for 12 months under this Voluntary Warranty.

Misuse

This Voluntary Warranty does not cover damage caused by:

(a) misuse or abuse of the vehicle such as by racing, rallying, overloading, etc or neglect,

(b) operation of the vehicle after the defect is known,

(c) failure to carry out scheduled maintenance services. Refer to *Maintenance Schedule* further in this booklet,

(d) use of incorrect types and grades of fuel, oil or lubricants,

(e) alteration or modifications of the vehicle by anyone not authorised by Holden,

(f) fitting of parts or accessories not recommended by Holden,

(g) any work carried out on the vehicle by anyone except an Authorised Holden Dealer or Authorised Service Outlet.

VOLUNTARY WARRANTY QUESTIONS AND ANSWERS

This section is designed to assist you to understand the Holden Voluntary Warranty provided with your new vehicle which is in addition to your Statutory Rights which cannot be excluded, limited or restricted by this Voluntary Warranty.

The following are some of the most frequently asked questions for which detailed answers are provided.

Q 1. How do I go about obtaining Holden Voluntary Warranty service?

It is the responsibility of the Selling Dealer to provide Holden Voluntary Warranty service, therefore, you should take your vehicle to the Selling Dealer whenever Holden Voluntary Warranty service is needed. However, if this is not possible, you may go to any other Authorised Holden Dealer. The details recorded inside the front cover of this service booklet will be required by the Dealer.

Q 2. What should I do if my vehicle becomes unsafe or inoperative as a result of a defect which is covered by the Holden Voluntary Warranty?

You should contact the nearest Authorised Holden Dealer or Holden Roadside Assistance as soon as possible, and arrange for that Dealer to carry out the required Holden Voluntary Warranty service.

Q 3. What should I do if, in an emergency, Holden Voluntary Warranty service is required and an Authorised Holden Dealer is not available to provide such service at the time?

Subject to your Statutory Rights, if, in an emergency, a repair, replacement or adjustment (covered by the Holden New Vehicle Voluntary Warranty) is required to enable your vehicle to be operated safely and it is not practical for you to go to an Authorised Holden Dealer, the service (to the extent that it is necessary to enable your vehicle to be operated safely) may be performed by any other qualified mechanic or repairer. A claim for the reasonable cost may be made under the Holden Warranty through the Authorised Holden Dealer who would normally provide you with Holden Voluntary Warranty service. You must also take your vehicle to the Authorised Holden Dealer for inspection of the service and/or completion of any required Holden Voluntary Warranty service, as soon as possible.

Note: During normal business hours, you should seek authorisation from your nearest Authorised Holden Dealer or Holden Customer Care, prior to repairs under your Voluntary Warranty being commenced.

VOLUNTARY WARRANTY QUESTIONS AND ANSWERS

Q 4. Is damage or injury, loss of time, inconvenience, commercial or other direct or indirect loss covered by the Holden Voluntary Warranty?

No, these items are not covered under the Holden Voluntary Warranty. Holden Voluntary Warranty only covers the repair, replacement or adjustment of those parts of your vehicle which are found to be defective in materials or workmanship. No other types of claim for compensation of any kind, even if the same resulted from a consequence of a defect in materials or workmanship in your vehicle, will be recognised under the Holden New Vehicle Voluntary Warranty.

You may have rights under your non-excludable Statutory Rights to claim compensation or other remedies outside of the Holden New Vehicle Voluntary Warranty, but any claim based on those rights should be separately pursued.

Q 5. Will I have to pay for maintenance costs during the Voluntary Warranty Period?

Maintenance costs are not covered by the Holden New Vehicle Voluntary Warranty. The Maintenance schedules in this service booklet specify the minimum maintenance required for your vehicle operating under normal conditions.

Subject to your Statutory Rights, the Maintenance items (except where they are required as a result of defects in materials or workmanship) for which you will have to pay include:

- Engine tune-up, including spark plugs replacement.
- Replacement of all filters, engine and other belts, hoses (including LPG hoses) wiper blades and clutch linings.
- Cleaning or flushing of fuel, coolant, brake, engine, transmission, power steering etc., after 3,000 km.
- Carbon and sludge removal.
- Maintenance servicing of emission control system devices.
- Adding to (or replacing) lubricants.
- Adding to (or replacing) air conditioning refrigerant, after 3,000 km.
- Any necessary adjustments to drive belts, transmission, clutch, park brake etc.
- Wheel balancing – after 3,000 km.
- Wheel alignment.
- De-dusting or de-glazing of brake linings or pads – after 3,000 km.
- Brake pad/lining wear or damaged brake components due to brake/pad lining wear.
- Clutch lining wear or damaged clutch components due to lining wear.

VOLUNTARY WARRANTY QUESTIONS AND ANSWERS

- Brake disc pad or disc wear.
- Battery recharging.
- Paint, bright metal finish and trim, due to normal deterioration.
- Body panel adjustment – after 3,000 km.
- Door, or bonnet lock adjustments.
- Glass or channel adjustments – after 3,000 km.
- Body rattle, squeaks and general tightening of bolts, fasteners and fittings – after 3,000 km.
- Chipped glass or breakage.
- Torn or damaged floor mats or carpets.
- Normal wear and tear to trim components.

Q 6. Will I have to pay for any costs or expenses in connection with the provision of Holden Voluntary Warranty service?

All parts and labour used in carrying out Holden Voluntary Warranty service at the premises of the servicing Holden Dealer, are free of charge. Whenever Holden Voluntary Warranty service is to be carried out by the servicing Holden Dealer it is your responsibility to deliver your vehicle to the servicing Holden Dealer's premises.

If, as a result of a defect which is covered by the Holden New Vehicle Voluntary Warranty, your vehicle cannot be driven safely and you arrange for the nearest Authorised Holden Dealer to carry out the required Holden Voluntary Warranty service, Holden will accept reasonable towing costs to move your vehicle to the nearest Holden Dealer's premises. Before employing a towing company, contact the nearest Holden Dealer or Holden Roadside Assistance Service or Holden Customer Care to obtain guidance.

Q 7. Would my vehicle's engine benefit from fuel additives, oil additives or coolant additives not marketed by Holden?

Your Holden is engineered to perform at its optimum using Holden recommended lubricants and fluids. The use of supplemental additives is not recommended as their use not only increases operating costs, but may indeed be harmful to your vehicle.

Any negative impact or consequences due to the use of additives may affect the validity of your New Vehicle Voluntary Warranty.

Only the fluids and lubricants referred to in the Owner's Handbook should be used.

VOLUNTARY WARRANTY QUESTIONS AND ANSWERS

Unauthorised statements in relation to Holden products

No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance, characteristics, descriptions or fitness for any purpose of any Holden product or in connection with the supply of any Holden product, which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by Holden in its published sales literature, and Holden does not accept any responsibility for such unauthorised action.

SERVICING

Distance/time based service intervals

The Complimentary inspection is due at 1 month of owning your new Holden.

The first scheduled maintenance service is due at 12 months or 15,000 km (whichever occurs first) from taking delivery of your vehicle and thereafter, every 12 months or 15,000 km (whichever occurs first).

Additional services are required under certain driving conditions, such as when towing. Refer to *Maintenance Schedule* further on in this booklet.

Complimentary inspection

The 1 month Complimentary inspection is performed free of charge by the Selling Dealer.

A different Holden Dealer may perform this inspection if provided with authorisation from the selling Dealer.

Determining the proper service interval

The operating conditions of your vehicle will determine the service interval. Use the **time** interval or the odometer reading, whichever occurs first, to determine when the service is due. It is important to remember that oils and fluids in your vehicle will deteriorate over time, therefore if your vehicle has not travelled the specified service interval distance, the vehicle **must** be serviced by time interval.

Under certain operating conditions, your Holden may require additional servicing to ensure maximum safety, performance and longevity.

The additional service requirements typically include more frequent replacement of lubricating oils for example, engine and transmission fluids and the more frequent inspection of steering, suspension and brake system components. For more information please refer to *Maintenance Schedule* further on in this booklet.

Your Holden Dealer will be able to determine the appropriate service requirements for your vehicle according to your operating conditions.

Service reminder message

A distance based service reminder message is built into the trip computer.

The service reminder message first appears 1,000 km before the service is due, allowing you time to arrange for the service to be carried out. The “CHANGE ENGINE OIL SOON” message displays in the Driver Information Centre (DIC) after the ignition is switched on, until the MENU button is pressed.

It should be noted that the service reminder message applies only for regular distance based service intervals. This message is triggered by a distance calculation and does not calculate time or time from the last service.

SERVICING

It is important to remember that whenever the vehicle has not travelled the specified service interval distance, the vehicle must be serviced by time interval.

The service reminder will be reset by your Holden Dealer when the vehicle is serviced. The service reminder will display in the DIC 14,000 km from the distance when last reset (for example if the service reminder is reset by the dealer at 15,050 km the next service reminder will appear at 29,050 km).

Remember to consider additional service requirements based on time and driving conditions. Refer to *Additional service requirements* below.

Service coupons

Service coupons are provided further on in this booklet. When each service is performed, the appropriate coupon is removed. This reveals the next coupon to remind you when the next service is due.

After each service, check the service has been validated by the Service Provider and, where applicable, the Dealer's stamp and signature is on the coupon stub. This is important as it not only assists in the determination of voluntary warranty claims, but enhances the value of the vehicle when selling.

Service coupons are provided for each service up to the 195,000 km / 156 month service. For all subsequent services, refer to the maintenance schedule 'After 195,000 km or 156 months' on page 13. When performing these services, record them on the additional service coupons provided on page 45.

Additional service requirements

If you are driving your vehicle outside of the normal driving conditions, you may need to conduct additional servicing. Criteria for these additional services can be found in the Maintenance Schedule. Additional service coupons can be found further on in this booklet.

As a guide, if you operate your vehicle continually for a period of one month or 1,000 km under any of the conditions listed, then additional services are recommended. If you consider that further servicing may be required, consult your Holden Dealer.

SERVICING

Your Holden Dealer

When it comes to service, remember that your Holden Dealer has the trained personnel and specialised equipment to correctly service your vehicle. Your Dealer invites you to return for all your service needs both during and after the Voluntary Warranty Period.

The safety, economy, emission control, performance and reliability of your vehicle cannot be assured unless regular maintenance is performed, preferably by factory-trained technicians at Holden Dealers.

Voluntary Warranty and service

Subject to your non-excludable Statutory Rights, all maintenance services listed in this handbook, and replacement of service items, are the responsibility of the owner and as such are NOT considered under the provisions of the New Vehicle Voluntary Warranty to be rectified of defective material and workmanship. Items such as wheel alignment, necessary adjustments to drive belts, transmission, clutch and parking brake or any other items which may require servicing due to fair wear and tear are carried out at the owner's cost.

Damage caused by failure to have proper maintenance services carried out in accordance with Holden's specifications may void your New Vehicle Voluntary Warranty. As a result, it is strongly recommended that such services be carried out by an authorised Holden Dealer or Authorised Service Outlet and that you read the New Vehicle Voluntary Warranty section previously in this booklet, so that you are aware of the voluntary warranty exclusions.

SERVICE CHARGES

Lubricants and materials

The owner is charged for all lubricants and materials used, plus labour, at the times recommended on the service coupons.

Maintenance repairs and replacements

The owner is charged for the repair or replacement of any part found unserviceable during a service inspection and not covered by Holden Warranty.

Where any deficiencies are noted, such items should be reported to the owner / operator and the additional work quoted and authorised.

Additives not recommended

Your Holden is engineered to perform at its optimum using Holden recommended lubricants and fluids. The use of supplemental additives is not recommended as their use not only increases operating costs, but may indeed be harmful to your vehicle.

ADDITIONAL SERVICE CHARGES

- If automatic transmission fluid and filter/strainer are changed ..... add 0.5 hour
- If engine oil is changed ..... add 0.2 hour
- If engine oil and filter are changed ..... add 0.3 hour
- If air cleaner element is changed ..... add 0.2 hour
- If park brake linings are cleaned and inspected..... add 0.7 hour
- If brake fluid is changed ..... add 0.4 hour
- If clutch fluid is changed..... add 0.2 hour
- If tyres are rotated ..... add 0.2 hour
- If tyres are rotated and balanced (4 tyres) ..... add 0.7 hour
- If the evaporative emissions system is visually inspected ..... add 0.2 hour
- If accessory pollen filter is inspected/changed ..... add 0.4 hour

Service validation
12 months or 15,000 kms
(whichever occurs first)

This vehicle has been thoroughly checked in accordance with the 12 month/15,000 km service.

Service Provider .....

Date of service.....Odometer .....

Signed .....

HOLDEN DEALER STAMP
(If Applicable)

SERVICE COUPON

12 months or 15,000 kms

(whichever occurs first)

- 1.2 hours labour
- engine oil and filter change

Note If the owner of this vehicle has changed since the last service, refer to the change forms at the back of this booklet.

Under bonnet

- ❑ Replace engine oil
- ❑ Replace engine oil filter
- ❑ Inspect cooling system
- ❑ Inspect brake fluid level
- ❑ Inspect power brake unit and hoses
- ❑ Inspect clutch fluid level
- ❑ Inspect air cleaner element

Under vehicle

- ❑ Inspect brake lines, hoses and connections
- ❑ Inspect front and rear disc brakes
- ❑ Inspect fuel lines and hoses
- ❑ Inspect power steering operation and steering linkages
- ❑ Inspect and clean automatic transmission shift linkage
- ❑ Inspect front and rear suspension
- ❑ Inspect driveshaft dust boots and propshaft
- ❑ Inspect tyre condition and inflation pressure (inc spare)
- ❑ Rotate wheels
- ❑ Inspect and clear underbody air deflectors of obstructions
- ❑ Inspect exhaust system and heat shields

Interior/exterior

- ❑ Inspect electric park brake operation
- ❑ Inspect horn, lights, washers and wipers
- ❑ Inspect sunroof drain tubes (front and rear)
- ❑ Inspect bonnet vents for debris and clean as required
- ❑ Inspect seatbelt, webbing condition, buckle operation and retractor mechanism operation
- ❑ Inspect battery, terminals and vent tube attachment
- ❑ Inspect expiry date on tyre sealant canister (if fitted)
- ❑ Lubricate door strikers, door hinges, rear deck lid hinges and tailgate strikers/latches
- ❑ Inspect key transmitter range

Road test

- ❑ Inspect air conditioner performance
- ❑ Inspect cruise control operation
- ❑ Inspect park pawl operation
- ❑ Check for outstanding safety recalls
- ❑ Reset service reminder

Service validation
24 months or 30,000 kms
(whichever occurs first)

This vehicle has been thoroughly checked in accordance with the 24 month/30,000 km service.

Service Provider .....

Brake fluid changed: YES/NO Clutch fluid changed: YES/NO/N/A

Date of service.....Odometer .....

Signed .....

HOLDEN DEALER STAMP
(if Applicable)

SERVICE COUPON

24 months or 30,000 kms

(whichever occurs first)

- 1.2 hours labour
- engine oil and filter change
- if brake fluid changed add 0.4 hour labour plus brake fluid
- if clutch fluid changed add 0.2 hour labour plus clutch fluid

Note If the owner of this vehicle has changed since the last service, refer to the change forms at the back of this booklet.

Under bonnet

- ❑ Replace engine oil
- ❑ Replace engine oil filter
- ❑ Inspect cooling system
- ❑ Inspect brake fluid level
- ❑ Inspect power brake unit and hoses
- ❑ Inspect clutch fluid level
- ❑ Inspect air cleaner element

Under vehicle

- ❑ Inspect brake lines, hoses and connections
- ❑ Inspect front and rear disc brakes
- ❑ Inspect fuel lines and hoses
- ❑ Inspect power steering operation and steering linkages
- ❑ Inspect and clean automatic transmission shift linkage
- ❑ Inspect front and rear suspension
- ❑ Inspect driveshaft dust boots and propshaft
- ❑ Inspect tyre condition and inflation pressure (inc spare)
- ❑ Rotate wheels
- ❑ Inspect and clear underbody air deflectors of obstructions
- ❑ Check and tighten bolts and nuts on chassis and body
- ❑ Inspect exhaust system and heat shields

Interior/exterior

- ❑ Inspect electric park brake operation
- ❑ Inspect horn, lights, washers and wipers
- ❑ Inspect sunroof drain tubes (front and rear)
- ❑ Inspect bonnet vents for debris and clean as required
- ❑ Inspect seatbelt, webbing condition, buckle operation and retractor mechanism operation
- ❑ Inspect battery, terminals and vent tube attachment
- ❑ Inspect expiry date on tyre sealant canister (if fitted)
- ❑ Lubricate door strikers, door hinges, rear deck lid hinges and tailgate strikers/latches
- ❑ Inspect key transmitter range

Road test

- ❑ Inspect air conditioner performance
- ❑ Inspect cruise control operation
- ❑ Inspect park pawl operation
- ❑ Check for outstanding safety recalls
- ❑ Reset service reminder

Service validation
36 months or
45,000 kms
(whichever occurs first)

This vehicle has been thoroughly checked in accordance with the 36 month/45,000 km service.

SERVICE COUPON

36 months or 45,000 kms

(whichever occurs first)

- 1.7 hours labour
- engine oil and filter change
- replace air cleaner element
- if brake fluid changed add 0.4 hour labour plus brake fluid
- if clutch fluid changed add 0.2 hour labour plus clutch fluid

Note If the owner of this vehicle has changed since the last service, refer to the change forms at the back of this booklet.

Under bonnet

- ❑ Replace engine oil
- ❑ Replace engine oil filter
- ❑ Inspect cooling system
- ❑ Inspect brake fluid level
- ❑ Inspect power brake unit and hoses
- ❑ Inspect clutch fluid level
- ❑ Replace air cleaner element
- ❑ Inspect accessory pollen filter (if installed). Additional charges will apply

Under vehicle

- ❑ Inspect brake lines, hoses and connections
- ❑ Inspect park brake linings and drums
- ❑ Inspect front and rear disc brakes
- ❑ Inspect fuel lines and hoses
- ❑ Inspect evaporative emissions system
- ❑ Inspect power steering operation and steering linkages
- ❑ Inspect manual transmission oil level
- ❑ Inspect and clean automatic transmission shift linkage
- ❑ Inspect final drive oil level
- ❑ Inspect front and rear suspension
- ❑ Inspect driveshaft dust boots and propshaft
- ❑ Inspect tyre condition and inflation pressure (inc spare)
- ❑ Rotate wheels
- ❑ Inspect and clear underbody air deflectors of obstructions
- ❑ Inspect exhaust system and heat shields

Interior/exterior

- ❑ Inspect electric park brake operation
- ❑ Inspect horn, lights, washers and wipers
